Letter of Recommendation as Artist in Residence at Kunstnarhuset Messen

To whom it may concern,

This letter is to invite Susanna Crum to be Artist-in-Residency at Kunstnarhuset Messen in Ålvik, Norway, during the period of May 2019.

We have considered the application and found the previous artistic work and project plan for a stay with us interesting. We have therefore decided that we will offer the opportunity to come here to work as an artist, to take part in the international companionship of artists and have the possibility of mutual inspiration and cooperation.

At Kunstnarhuset Messen we will provide the artist with a studio and a bedroom including basic facilities. The artist agrees to pay a fee of 500 NOK per month in order to help the residency cover electricity and water.

Kunstnarhuset Messen encourages the artist to give one or more presentations of his work during the stay. The artist might also be asked to participate in educational workshops for local children and youths.

Regards,

Stig Lundblad-Sandbakk

Manager
