5 October 2015

Dear Susanna

## **Re: Application to undertake a printmaking residency at Edinburgh Printmakers, 2016**

Thank you for your request regarding undertaking a one month artist residency at Edinburgh Printmakers. We have considered your application and believe your work to be of a very high standard

and would therefore like to invite you to our studio. Therefore we can confirm that you may take a period of residency to produce prints at Edinburgh Printmakers beginning in Summer 2016. You had proposed June/July 2016.

This offer is on the understanding that you secure funds from another trust, fund or scholarship in order to cover costs incurred for professional training, materials and sessional use of the printmaking studio as well as personal living expenses. Edinburgh Printmakers does not provide accommodation or personal studio spaces, this residency is purely to use the printmaking facilities at Edinburgh Printmakers.

Membership and session fees are payable at the outset of your visit. 1 months visiting artists fee and membership are £180. This fee covers use of the studio and provides you with inks and basic sundries. We stock materials such as paper, plates, and many printmaking materials which are available for sale from us in a pay as you go basis.

We recommend that you begin your residency by undertaking an access course or induction training to familiarise yourself with an area of the print studio and processes used within that area. Following that you may work in the studio and develop your work. Workshop inductions and 1-1 training is charged at the rate of £36/hour. Details of our courses are available on our website.

I trust that this offer will be of use in securing the funds and or Visa that you require and wish you every success with your application. Please let us know as soon as you have confirmation that you intend to come so we can discuss dates and your visit in more detail.
